SGNA MISSION & PURPOSE

The Society of Gastroenterology Nurses & Associates, Inc. is a professional organization of nurses and associates dedicated to the safe and effective practice of Gastroenterology and endoscopy nursing. SGNA carries this out by advancing the science and practice of gastroenterology and endoscopy nursing through education, research, advocacy and collaboration and by promoting the professional development of its members in an atmosphere of mutual support.

LEARNING OBJECTIVES

Upon completion of this program, the participants will be able to:

Understand the ERCP and procedure and recognize potential complications.

Understand new criteria for Lap Cholecystectomy

Understand risks of anesthesia in the Obese Endoscopy patient.

Understand potential intra procedure complications if patient is compromised prior to procedure.
